Update on agreement between EDPR and Vestas

With reference to company announcement No. 19/2010 of 26 April 2010, EDPR and Vestas have agreed to extend the delivery period of the wind turbines covered by the 1,500 MW master supply agreement to also cover deliveries until 2015.

This will not change Vestas' forecast of around 6.3 GW of shipments in 2012.
