

## Company announcement from Vestas Wind Systems A/S

Aarhus, 29 June 2013  
Company announcement No. 30/2013  
Page 1 of 1

### Vestas receives 107 MW order in Australia

Vestas has received a firm and unconditional order for 107 MW in Australia.

Additional information about the project:

Customer:	Taralga Wind Farm Nominees No.1 Pty Ltd
Project name:	Taralga Wind Farm
Location/Country:	New South Wales, Australia
Number of MW:	106.8 MW
Number of turbines/turbine type(s):	A combination of V90-2.0 MW, V100-1.8 MW and V90-3.0 MW turbines.
Contract type:	Turnkey/EPC
Contract scope:	The order consists of engineering, procurement and construction of the wind power plant plus a five-year full-scope service agreement (AOM 4000).
Time of delivery:	The wind turbines will be manufactured and shipped through the second half of 2013 and the first quarter of 2014, and the wind power plant is expected to be fully operational by the end of 2014.

Total year-to-date announced order intake in MW: 1,939 MW, (see overview at [vestas.com/investor](http://vestas.com/investor)).
