Vestas receives 105 MW order in South Africa

Vestas has received a firm and unconditional order for 35 V112-3.0 MW turbines for three wind power plants in South Africa.

Additional information about the project:

Customer:	Innowind (80 per cent owned by EDF EN)
Project name:	Chaba, Waainek and Grassridge
Location/Country:	Eastern Cape, South Africa
Number of MW:	105 MW
Number of turbines/turbine type:	35 V112-3.0 MW turbines
Contract type:	Turnkey/EPC
Contract scope:	The contract comprises supply, installation and commissioning of 35 V112-3.0 MW wind turbines, along with a VestasOnline® Business SCADA solution, full scope civil and electrical works as well as a 10-year full-scope service agreement (AOM 4000).
Time of delivery:	Delivery of the turbines for the three wind power plants is planned to start mid-2014 and commissioning is expected to start in the third quarter of 2014.

Total year-to-date announced order intake in MW: 2,137 MW, (see overview at vestas.com/investor).
