

## News release from Vestas Central Europe

Hamburg, 16 March 2017

### Vestas receives 41 MW order in Ukraine

*Adding to Vestas' re-start of market activities in Ukraine in late 2016, Vindkraft Tavriya LLC has ordered 12 V126-3.45 MW turbines for the Novotroitsk wind park.*

The firm and unconditional order comprises supply and commissioning of the wind turbines as well as a VestasOnline® Business SCADA solution. The wind park is located at Overyanovka village, Novotroitsk district, in the Kherson province in southern Ukraine. Wind turbine delivery and commissioning is planned for the third quarter of 2017.

*"We are pleased to continue our partnership with Vestas and we highly appreciate Vestas' technology, experience and operational excellence and are looking forward to the successful completion of the Novotroitsk wind power plant", states Carl Sturen, President of Vindkraft Tavriya LLC.*

*"Our technology seeks to maximise value for our customer through low cost of energy, business case certainty and being easy-to-work-with and the recent uptake in activity in Ukraine shows our ability to meet our customers' needs", says Nils de Baar, President of Vestas Central Europe. "We look forward to build on our momentum and further contribute to the overall growth of renewable and energy production in Ukraine".*

### About Vestas

Vestas is the energy industry's global partner on wind power solutions. We design, manufacture, install, and service wind turbines across the globe, and with 82 GW of wind turbines in 76 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 71 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 21,800 employees are bringing the world sustainable energy solutions to power a bright future.
