

News release from Vestas Asia Pacific and China

Beijing, 29 March 2017

Vestas receives 48 MW order in China

With hub heights of 137 meters, the project has China's tallest towers together with other recent Vestas projects.

The firm and unconditional order comprises 22 V110-2.0 MW turbines delivered in 2.2 MW Power Optimised Mode, and will be located in eastern China's Shandong Province. The project also includes a two-year Active Output Management 4000 (AOM4000) service contract in which Vestas guarantees a defined level of availability and performance.

"Through our high tower solution, this order underlines the competitiveness of Vestas wind energy solutions in the Chinese market and showcases our capability to win trust from new partners," said Ken Xu, Vice President of Sales, Vestas China.

Delivery and commissioning are expected to begin in the third quarter of 2017.

Customer name and other information have not been disclosed at the customer's request.
