Dear Chairman

Acquisition of holding in CPH

On 20 July 2011 it was announced that Ontario Teachers' Pension Plan Board (OTPP) had signed a binding agreement with MAp Airports International Limited (MAp) regarding the acquisition of MAp's non-controlling, indirect interest in Copenhagen Airports A/S (CPH).

OTPP hereby advise CPH that it has completed the transaction with MAp following satisfaction of the conditions precedent, including EC Merger Control approval.

As a result, OTPP now owns a non-controlling, indirect 30% holding of the share capital in CPH.
