Dear Chairman

Cessation of holding in CPH

On 20 July 2011 it was announced that MAp Airports International Limited (a member of MAp) had signed a binding agreement with Ontario Teachers' Pension Plan Board (OTPP) regarding the divestment of its non-controlling 30.8 % indirect interest in Copenhagen Airports A/S (CPH).

MAp Airports International Limited today advises CPH that it has completed the transaction with OTPP following satisfaction of the conditions precedent, including EC Merger Control approval.

As a result, MAp Airports International Limited no longer has any direct or indirect interest in CPH.

Yours Sincerely
