## **TRUSTBUDDY ON TRACK TO MEET THE EXPECTED ADDITIONAL 400M SEK P2P LENDING CAPITAL**

TrustBuddy announced yesterday to have acquired non-organic P2P funding of approximately 110m SEK (€12.3m). This is much welcomed as the demand for TrustBuddy loan product is very strong. Given current turnover of the capital TrustBuddy expects this capital injection to boost 2014 full year net revenues by 45m SEK without increasing the cost base. In August this year TrustBuddy released its 2014 non-organic capital estimate of 400m SEK to accommodate the surge of new borrowers. By already injecting 110m SEK into the P2P platform and bringing in capital rich investors, TrustBuddy expects to meet its target for 2014.
