

Press release  
Stockholm, 28th of November 2013

## **TRUSTBUDDY – Implements VISA/MASTERCARD/MAESTRO/SOLO on it's P2P platform**

TrustBuddy is pleased to announce a partnership with one of Europe's leading payment processing and issuing platforms. This will make the P2P platform more secure and easier to use. Further, it allows TrustBuddy to add another layer of fraud and money laundering prevention in the P2P lending process despite the P2P platform have had zero cases of fraud or money laundering since start. Additionally, it will make the borrowing product more secure by fully authorizing a payment of the loan to protect TrustBuddy's lenders in the event of no payment from the borrowers. Consequently, the rolling effect of the capital per annum will increase. This will be implemented into TB P2P system before the 1st of January 2014.
